London, UK

Passionate about all things digital and interactive.

From art direction, to web design, development and user experience design, it's been an interesting journey. My passion for visuals to convey information makes me a data visualisation lover and a user centred designer.
Both in the private and public sector, I always strive to make the world a little more accessible for everyone.

Work experience

Lead UX 2026
PRODA Ltd 2023
proda.ai

- Responsible for recruiting and leading the UI/UX team

Community

London Web Standards, UK — Present / 2013
Co-organiser
londonwebstandards.org

London Web Standards brings together web professionals who are working for a better web. Bi-monthly meetups provide them with an opportunity to teach, inspire, learn, network and debate.

I confirm that I am eligible to live and work in the UK.
